Re: Notice of Ex Parte – CC Dockets 96-262 and 94-1 Cost Review Proceeding for
Residential and Single-Line Business Subscriber Line Charge Caps

Dear Mr. Caton,

Today, I provided the attached data to Wireline Competition Bureau staff with respect to the above referenced matter. The data shows the amount of implicit subsidy embedded in the interstate common line access charges of Sprint's local telephone companies at the current \$5.00 subscriber line charge cap, at a \$6.00 cap, and at a \$6.50 cap.

In accordance with FCC rules, this letter is being filed electronically in the docket identified above. Please call me if you have any questions. Thank you.

Sincerely,
/s/
Pete Sywenki
